WINFIELD SCOTT.

This illustrious soldier died yesterday forenoon, at West Point, full of years and full of honors.

He was born at Petersburg, Va., June 13, 1786; studied law, and followed the profession for a few years. In 1808 was made a Captain in the army. In the war of 1812-15 he greatly distinguished himself, and rose to the rank of Major General. He was offered and declined the post of Secretary of War. In 1832, he led a campaign against the Sacs and Fox Indians. In 1835 he was engaged in the Seminole war, which dragged along for several years. In 1837 he rendered important services on the northern frontier, during the Canadian outbreak. In 1839 he acted as Pacificator on the northeastern Boundary Question. In 1841 he became Commander-in-Chief of the army on the death of Gen. Macomb. In 1846-48 he gained additional lustre by the conquest of Mexico. In 1852 he was the whig candidate for the Presidency, but was unsuccessful. In 1855 the Brevet rank of Lieutenant General was revived in his favor. In 1859 he went to Oregon and settled the question of boundary with the British authorities. In 1861 he threw the weight of his great name on the side of the Union, and personally directed the military arrangements in connection with the first inauguration of Mr. Lincoln as President. He remained the military adviser of the new administration till Nov. 1, 1861, when he retired from active service.

Few men have had the ability or the opportunity to perform so many great services for his nation. Honored while living, his memory will be held in lasting remembrance by his countrymen.

We do not agree with the *Commercial* in respect to what is "underhanded conduct" on the part of public men, and don't want to agree with it. Mr. Cowan got the Senatorship from the Republicans on a distinct profession of political faith. As soon as he obtained it he began conspiring with their enemies. Presently he was found insidiously advocating the doctrines of those enemies. Soon he did so shamelessly. All this while he was stalking into the caucuses of the friends he was betraying, and claiming a place there of right. He kept on doing so until, recently, those outraged friends shut the door in his face. For months past he has been acting in concert with his Democratic colleague, the Democratic State Committee, and the Democratic County Committees throughout the Commonwealth, to overthrow, if possible, the Republican party. All this he has done, and is doing, under pretence of still being a Republican.

If a man should obtain the signature of the editor of the *Commercial* to a note for one thousand dollars, on protestations equivalent to those on which Mr. Cowan got the Senatorship, and should then use that note in as flagrant violation of the understanding as Mr. Cowan has his great office, we think the editor would hold the man who imposed on him to be a knave.

He don't feel disturbed at the conduct of Mr. Cowan, because he is trying, in a feeble manner, to imitate it.

The Memphis *Avalanche*, under the inspiration of "My Policy," discourses in this Christian way:

"Can any one tell us why it is that radicalism and its unfortunate acerbities and atrocities are scarcely ever heard of in the interior? Can it be explained why it is confined almost exclusively to cities and towns? The answer is ready at hand, and is two-fold. The radicalism *per se* will not venture to settle among a brave people who, though law-abiding, will suffer no innovations upon their social forms. Radicals never go beyond the reach of the nigger Bureau, and, therefore, *as they cannot spit their venom in the country without having their filthy jaws slopped by Southern gentlemen, they take care to remain within the protection of the ebony line. This is one reason why radicalism and its evils do not exist in the country. It would be unhealthy.*"

Gov. Brownlow writes to the Nashville *Press* that the people throughout East Tennessee, with the exception of a few localities, are quiet and peaceable. In some cases discharged Union soldiers have been killed by bushwhackers, who are believed to be returned rebel soldiers. Lying reports of the persecution of former rebels by Union men have been sent to Washington, and persons have been sent by the Government to ascertain the facts. Among these Commissioners is Gen. Granger. The Governor says nine-tenths of the people are for the Franchise law, and will see that it is carried out.

The Republicans of Beaver county nominated last Monday, as follows: For Congress, Geo. V. Lawrence; President, R. B. Chamberlain; Senate, Alex. W. Taylor; Assembly, M. S. Quay; Sheriff, John S. Littell; Register and Recorder, Darius Singleton; Clerk of Courts, John A. Frazier. Legislative candidates were instructed to support a general railroad law. The *Argus* says the Republican cause is now stronger in that county than ever before.

The New York *Tribune* says:

The *Baltimore American* states that the Heister Clymer is to be withdrawn as a candidate for Governor of Pennsylvania, and some one put up instead whose record will not turn the stomachs of such "Conservatives" as Cowan and Doolittle, who are parties to the arrangement. This is as it should be. It is not fair to Gen. Geary to let him run alone. Do put up somebody who can make a race, and not let the election go by default.

The Senate Finance Committee have agreed to recommend an increase of National bank capital by $100,000,000. We are sorry for it. As a partial offset the Committee has also agreed to compel National banks to make redemption of their notes at points to be publicly designated.

The Louisville papers report that a terrible fire occurred in Pittsburgh, May 26, consuming seven hotels, sixty dwellings, and seventy stores, and entailing immense loss. Pittsburgh has been unfortunate, certainly, in the matter of fires, of late; but no such fire has happened here.

The "Conservative State Central Committee" of Missouri have decided to postpone the State Convention of that party from June 6 to July 3. Organization is not yet effected, they say.

Mr. W. D. Snow, United States Senator elect for Arkansas, not getting his seat, has taken to transporting oil in tanks from Shaffer's to New York.

Senator Hoge, of the Warren district, is canvassing for a re-nomination. A heavy fire is opened on him in the Tithsville *Herald*.

Gen. Logan has engaged to stump Pennsylvania for Geary.

Be On the Alert! Danger is at Hand.

This has been a sickly season. The medical faculty prophesy evil in the future. They think pestilence is on the wing for America. Suppose this to be true, what is the best defense against it? REDOUBLED NERVOUS VIGOR. This is the only protection against PANIC, as well as against the PRINCIPLE OF INFECTION. Why do not those who predict the epidemic propose an adequate preventive? There IS one; a tonic, nervine and alterative, competent to shield the system against the subtle elements of disease, whether they float hither on the winds from distant lands or rise like vapor from our own soil, or are incorporated with the universal fluid. This ONE PREVENTIVE, of which there is no duplicate among the compounds either of the Old World or the New, is

HOSTETTER'S STOMACH BITTERS.

Remember that it is a specific for all the complaints which lay the system open to visitations of deadly epidemics. If you are dyspeptic, it renews the vigor of your digestive powers, gives you appetite, and restores your cheerfulness. If you are nervous, it invigorates every fibre of your nervous system from the base of the brain, where it begins, to the extremities, where it terminates. If you are bilious, it disciplines your unruly liver and brings the action of that organ into harmony with the laws of health. It is, in short, an invigorant and alterative so powerful that Nature, with Hostetter's Bitters for her ally may bid defiance alike to native malaria and foreign infection. If this enemy we hear of, this disease which is desolating Europe, is really bound hitherward, it behooves the *prudent to put on their armor*, to clothe themselves with invulnerability as far as human means will permit, by preparing the system for resistance with this pure vegetable antidote.

Hostetter's Stomach Bitters

Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No 84 Market street, corner of the Diamond and Market, near Fourth street.

The Reconstruction Caucus—Pension Debt to be Guaranteed—One of Moxby's Men Asking Pardon—The Colorado Question.

New York, May 29.—Dispatches to the evening papers say the caucus of Republican Senators on the question of reconstruction was concluded this morning. It is said they unanimously agreed to strike out the third section, and substitute therefor a provision limiting the disqualification to hold office. Another amendment provides that whenever a State complies with this enactment its representatives shall at once be admitted into Congress. Another clause in the amendment changes the exclusion of all voters at the South until 1870 to the exclusion of the office holders in the rebellion, especially those who deserted the United States service, but this can be set aside by a two-thirds vote of Congress at any time.

The national debt, created for the payment of bounties and pensions, is to be constitutionally guaranteed.

New York, May 29.—General Hagen leaves Washington for the West to-day, and will shortly cross the Plains to the Pacific in discharge of his duties as Inspector of the Department of the Platte.

Colonel White, an active member of Mosby's guerrilla band, is in Washington seeking pardon, with poor prospects of success. He has been chosen Sheriff of Loudon county, Va.

An enterprise is being organized to settle a colony of whites and blacks at Brevard, Florida. A large number are now awaiting transportation.

Naval Officer Lynch, of Charleston, having declined taking the iron-clad oath, Secretary McCulloch omits to sign his pay warrants.

An effort is being made to resuscitate the Colorado admission question, with a hope to pass the bill over the President's veto. The *Tribune's* special says there is little prospects of its success.

DEATH OF GENERAL SCOTT.

Last Moments of His Life.

ANNOUNCEMENT BY THE PRESIDENT

West Point, N. Y., May 29.—General Scott died at five minutes past eleven o'clock this morning. He was out on Saturday afternoon, and then showed no signs of his early demise. On Sunday he began failing quite fast, though none of his physicians expected he would expire at such an early day. He was perfectly conscious up to the moment of his death, though he had lost his voice some two hours previously. He recognized the Chaplain of the Post ten minutes before he died, and clasped his hands in silence.

Executive Mansion,
Washington, May 29, 1866.

The President, with profound sorrow, announces to the people of the United States the death of Winfield Scott, the late Lieutenant General of the army. On the day which may be appointed for his funeral, the Executive Departments of the Government will be closed. The heads of the War and Navy Departments will respectively give orders for the payment of appropriate honors to the memory of the deceased.

(Signed) Andrew Johnson.

LATER EUROPEAN NEWS.

The Contested Fishing Grounds—Reciprocity Treaty—Peabody Statute in London—The European War—Negotiations for a Congress, with no Hopes of a Peaceful Solution—Heavy Suspensions Continue.

New York, May 29.—The steamship Persia, from Liverpool on the 19th via Queenstown on the 20th, arrived here at 7:30 o'clock this evening.

A Trieste dispatch says the naval authorities refused to grant a clean bill of health to vessels intended to convey volunteers to Mexico. Without, no ships are allowed to leave the harbor.

In the House of Commons, Mr. Watkins called attention to the reciprocity treaty, and saw danger in assembling United States war vessels on the fishing grounds, and condemned the conduct of the British Government.

Mr. Bayard defended the Government. He said they were not responsible for the termination of the treaty, and were fully alive to its importance; but the American Government would hear of no negotiations for renewal. He deprecated the speech of Mr. Watkins as calculated to arouse hostility. He said the American Government was particularly friendly motives in sending a fleet to prevent difficulties.

The Lord Mayor of London, by request of numerous eminent merchants, called a public meeting to take steps to raise a statue in honor of Mr. Peabody, in London.

The situation of Continental affairs is unchanged. War looks imminent as ever.

Marshall Benedict issued the first order of the day to the Austrian army, expressive of confidence in the army and the justice of the Austrian cause.

Military preparations are reported from various quarters. From Italy, particularly, news is exceedingly warlike. England, France and Russia are concentrating measures for an European Congress, but there are little hopes of a pacific result. Clarendon, in the financial crisis, admitted that confidential communications were passing, but expressed his conviction there were no hopes of a peaceful solution.

The money market has sensibly subsided; securities generally improved. Still, heavy suspensions continue, and it is feared there are many more to follow.

Liverpool, Saturday Morning.—Breadstuffs—Richardson, Spence & Co., and others report a dull market, owing to the financial crisis, generally unchanged for all articles. Red Wheat 9s 5d@9s 9d per 180 pounds. Mixed corn 29s@29s 6d per 480 pounds. Messrs. Inglehand, Athya & Co., and Garda, Bruce & Co., report Beef dull and tending downwards. Pork slow of sale and easier. Bacon quiet and about 2s lower. Lard 1s@2s declined. Tallow can 70@71s. Cheese steady. The Brokers' Circular reports generally steady. Coffee very quiet. Petroleum inactive; Refined 2s.

London Market.—Barings, Bros. & Co. reported Breadstuffs steady at the late rates. Sugars quiet at 6s lower. Coffee dull. Tea dull. Petroleum 2s 2½d.

London Money Market.—The weekly return of the Bank of England was the most extraordinary ever published. Although the bank had not availed itself of the privileges granted by the suspension of the bank charter, the figures in the statement exhibited unprecedented violent changes. The decrease in the bullion was 832,355 pounds and in the notes unemployed 4,219,405 pounds sterling.

The *Daily News*, in its city article, says: The bank's return show an increase in the week of ten million pounds in the advances on private securities. This unprecedented amount proves how enormous has been the pressure for accommodation on the part of the panic stricken community. Inasmuch, however, as a great deal of this borrowing is merely professional, five million pounds have been added to the private deposits, and the increase of 67,000 pounds in the circulation, results mainly from the desire of the country bankers to secure themselves against all contingencies, and the notes withdrawn are not really thrown into circulation, but are notes at present hoarded. The reserve of notes is reduced to thirty thousand pounds, so that it is quite within the power of any one of the great joint stock banks, by increasing its current balance, to force the bank of England to avail itself of the authorization contained in the recent treasury letter. There seems to be now a fair prospect that the bank will ride over the crisis without violating the law. The 832,000 pounds of coin and bullion withdrawn must have been taken away chiefly by the provincial banks and Irish banks, as a measure of precaution.

Some additional suspensions are reported, including the Original Commercial Bank, the new Seal and Banking Association, Messrs. Frazier & Co., Indian cotton merchants, &c.

On the 18th the tone of the London market was somewhat firmer. Consols were quoted at 87¾@87⅞. Money was in better supply, and first class bills were in some instances taken at 9 per cent.

American Securities—Barring Bros. say 5-20s have advanced to 65@66, under extensive purchases for the United States. In other stocks there has been no change, and quotations nominal.

Latest Commercial by the Persia, Liverpool, May 19—Evening.—Cotton; sales to-day, 8,000 bales; market dull, with little inquiry and weak prices; Middling Uplands are quoted at about 12½d. Breadstuffs quiet. Provision market dull.

London, Saturday Evening.—Consols closed at 87@87¼ for money. American securities—5-20s, 65@66; Illinois Central, 76¼@77; Erie, 44¾@45.

The following is the news of the steamship St. David:

It is officially stated at Berlin that there was no necessity for the Prussian Government to send a reply to the Austrian note of May 4th, since Austria therein declared all discussion on the question of disarmament was exhausted.

The Florence correspondent of the *Daily News* says: Before June the Italians will have 500,000 men under arms, of whom 300,000 will be on the northern frontier. The war, it is said, will be commenced by the entrance of Garibaldi into Venetia.

A Paris correspondent of the *Times*, writing on the 16th, says there seems to-day a glimmer of hope that after all, peace may be preserved. The King of Prussia is known to be hesitating more and more as the critical moment approaches.

Latest per the Persia.—Liverpool, Saturday Evening.—Another London bank, the European, suspended to-day.

Funds and securities are generally dull and lower. Panic reigns. Rumors of additional suspensions in commercial circles. It is generally stated that Boult, English & Brandon, of Liverpool, will show ample assets and save twenty shillings in the pound.

By Telegraph to Queenstown—*London, May 29th*—Reports concerning the European congress are confirmed. It is said that Austria has refused to join. No direct negotiation has as yet been addressed to the Courts of Berlin, Vienna and Florence.

The Paris bourse was flat, and rentes closed at 68f 20c.

It was rumored that a sanguinary conflict had taken place between the Turkish and Malitary Greek troops.

The liabilities of the European banks are estimated at a million pounds sterling.

Later.—Vague rumors state that hostilities had almost commenced.

Presbyterian Assembly at St. Louis.

St. Louis, May 29.—In the Old School Assembly the appeal of R. J. Breckinridge was laid aside, and the report on the Louisville Presbytery taken up, and debated by Dr. W. L. Breckinridge and Dr. Humphrey in opposition, and Hon. R. Clark in favor, but no action reached. It is said that R. J. Breckinridge will urge his appeal no further, in consequence of the Assembly deciding that the Synod of Kentucky were the only respondents thereto, thus preventing him from inflicting punishment upon disloyal men.

The New School Assembly adjourned *sine die* last night.

Another Cholera Ship Reported—Santa Anna.

New York, May 29.—There is an unofficial report that the steamer Union, from Liverpool, sixteen days, has arrived at quarantine with 434 passengers. Thirty-three deaths of cholera occurred on the passage, and fifteen cases are still on board.

Gen. Santa Anna is expected in this city daily. Apartments have been prepared for him.

Schooner Wrecked.

Milwaukee, May 29.—The schooner Angeline was wrecked off North Point yesterday morning. One life was lost.

CONGRESSIONAL PROCEEDINGS.

Washington City, May 29, 1866.

SENATE.

Mr. Lane, of Kansas, introduced a bill to donate public lands to the several States which may provide agricultural colleges for the education of persons of African descent, which was referred to the Committee on Public Lands.

The bill to grant the Winona and St. Peters Railroad the right to bridge the Mississippi, was taken up.

Mr. Chandler moved to lay the bill on the table. The motion was negatived. The first question was on the amendment offered by Mr. Schofield to strike out of the seventh section the following words—"and shall provide sites and buildings for the purposes of education," down to the end of the section, and insert in lieu thereof the words "and shall hire, or provide by lease, buildings for the purposes of education whenever such association shall, without cost to the Government, provide suitable teachers and means of instruction, and shall furnish such protection as may be required for the safe conduct of such schools." The amendment was agreed to.

The Reconstruction resolution was taken up. The question was taken upon Mr. Johnson's amendment to strike out the third section, which disfranchises the late rebels till 1870.

Mr. Johnson demanded the yeas and nays, and the third section was stricken out by a unanimous vote—yeas, 43; absent, 6.

Mr. Howard intends to offer several amendments to the pending Reconstruction resolution. They are as follows:—Insert at beginning of the first section the words "All persons born in the United States and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside."

Section second apportions representatives according to voters, disfranchised rebels excepted.

Section 3 being stricken out, the following is proposed in lieu of it: "No person shall be a Senator or Representative in Congress, or elector of President and Vice President, or hold any office, civil or military, under the United States or under any State, who, having previously taken an oath as a member of Congress or officer of the United States, or as a member of any State Legislature, or as an Executive or Judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same or given aid and comfort to the enemies thereof; but Congress may, by a vote of two-thirds of each house, remove such disability." The other sections are substantially as before.

Mr. Saulsbury said this was the first notice the minority had received of the result of the caucus held by the majority. He therefore moved that the amendments be printed, and the subject postponed until to-morrow.

On motion of Mr. Fessenden this order was entered and ordered to be printed.

Mr. Sumner submitted the following amendment, intended to be proposed as a substitute for the bill to provide for restoring to the States lately in insurrection, their political rights: That when any State lately in rebellion shall have ratified the foregoing amendment, and shall have modified its Constitution and laws in conformity therewith, and shall have further provided that there shall be no denial of the elective franchise to citizens of the United States because of race or color, and that all persons shall be equal before the law. The Senators and Representatives from such State, if found duly elected and qualified, may, after having taken the required oath of office, be admitted into Congress as such, provided that nothing in this section shall be construed as to repeal the disfranchisement of any loyal person who is now allowed to vote.

Mr. Sumner introduced a bill to enforce the amendment to the Constitution abolishing slavery by securing the elective franchise to colored citizens. It provides that every citizen, whatever race or color, shall have the right to vote at all elections, laws to the contrary to be void, and provides punishment for refusals.

The railroad resolution was taken up and amended so as to allow compensation for mails and troops. Adopted; 24 yeas, and 15 nays.

The bill was then taken up out of Committee of the Whole and referred to the Senate.

Mr. Cresswell moved his amendment, defeated yesterday in Committee of the Whole, to provide that Congress shall have power to alter, amend, or repeal this act at any time, and it was agreed to.

The bill as amended after discussion by Messrs. Sherman, Sumner, Cowan, Johnson and Davis, passed over the following negatives—Messrs. Buckalew, Cowan, Cresswell, Davis, Doolittle, Fessenden, Foster, Guthrie, Hendricks, Henderson, Johnson, Morrill, Norton, Riddle, Saulsbury, Trumbull, Van Winkle and Willey.—19.

Adjourned.

HOUSE.

Washington, May 29.—Mr. Stevens, of Pennsylvania, from the Committee on appropriations, reported back the Senate amendments to the Military Academy appropriation bill. Some of the amendments were non-concurred in, and a Committee of Conference asked. The latter to continue in force to amend the Freedmen's Bureau bill came up as the final business in order in the morning hour.

The House resumed the previous question on the bill and amendment.

The next question was on the amendment offered by Mr. Schellaberger to add to the sixth section the following: Provided that nothing in this act contained, shall be construed to affect the right of any person to recover in the proper courts, any title or right of possession which such person may have in any of the lands held under said order. The amendment was agreed to.

The next question was on the amendment offered by Mr. Davis to add to section 2 the following: "And the powers conferred, and the duties enjoined by the act hereby amended shall be applicable to all persons or matters referred to in this section, and acts or parts of acts inconsistent with the provisions of this act are hereby repealed, and to strike out all the remaining sections of the bill. The amendment was rejected by a vote of 55 to 86. The bill was then passed, 90 to 32.

On motion of Mr. Schenck the Senate amendment to the bill relating to the appointment of cadets to the Military Academy was taken from the Speaker's table and non-concurred in.

On motion of Mr. Culloom, the Senate bill to revive the act of February 9, 1853, making a grant of land for railroad purposes to Arkansas and Missouri, was taken from the Speaker's table, read twice and referred to the Committee on Public Lands.

The House then proceeded to the consideration of the bill reported from the Committee on Reconstruction, the 30th of April, to provide for restoring to the States lately in insurrection their full political rights.

Mr. Ashley addressed the House in support of the bill. He held that the States which had retained their Constitutional relations to the government were the only Constitutional governing powers in the nation that having put down the rebellion, they had the right under the law of nations as conquerors to prescribe such conditions as in the judgment of the majority of the people, were necessary for the national safety. He favored such an amendment of the bill as would render it impossible to base upon its ratifying the proposed Constitutional amendment instead of awaiting its becoming part of the Constitution. He referred to the noticeable fact that whenever loyal Senators elected from the rebel States were not unbushing rebels, the one, who was, was elected for the long term while the unbushing rebels were elected for the short term. Alluding to the howl of indignation raised all over the country against the report of the Reconstruction Committee, he challenged the pointing out of a single page of history when after putting down such a rebellion, the conquerors were not more lenient and magnanimous to secure harmony, so merciful, as the proposition of the Committee of fifteen. He expressed himself in favor of strengthening the hands of loyal men in the South, by giving black men the ballot. With the ballot in the hands of every loyal man in the South, the nation would be safe from rebellion, safe from repudiation, safe from war. Without it the nation would not be safe.

Mr. Le Blond desired to ask his colleague whether he was in favor of negro suffrage in the States?

Mr. Ashley—"Every where."

Mr. Le Blond—"In the State of Ohio?"

Mr. Ashley—"Of course."

Mr. Stevens—"Be a little more explicit."

(Laughter.)

Mr. Le Blond—"Very good. Does my colleague claim that Congress has the power to confer that right on the negroes in the States?"

Mr. Ashley—"I do not intend to put myself on record against the right of Congress to do that. When the time comes to take action on that point, I will be ready to do so."

Mr. Le Blond—In my colleague in favor of the report of the Reconstruction Committee.

Mr. Ashley—**I am voting for it.**

Mr. Le Blond—And of keeping the States out until the conditions are complied with.

Mr. Ashley—If my colleague had been listening to me he would not have asked the question.

Mr. Le Blond—Then why do you yield the question of negro suffrage in that report.

Mr. Ashley—Because I could not get it. (Laughter.) Is not that fair?

In conclusion Mr. Ashley appealed to the House to press this and the other measures reported by the Committee on Reconstruction.

Mr. Latham next addressed the House in reference to the disqualifying bill reported by the Reconstruction Committee.

At the conclusion of his speech, on motion of Mr. Stevens, the further consideration of the bill was postponed till to-morrow.

Mr. Stevens then called up a motion to reconsider the vote by which an amendment was adopted to the Senate bill to incorporate the District of Columbia Gas Light and Coke Company, and on motion of Francis Thomas the motion was postponed till Friday next.

After the morning hour Mr. O'Neill presented a memorial of the Philadelphia Board of Trade, urging the favorable action of Congress upon the bill now before the Senate relative to appropriations for the Navy Department, and especially upon that section which directs a selection of naval cadets be made from the deserving and equalized naval appointees who have served not less than one year in that capacity.

Mr. Defrees, from the Committee on Banking and Currency, made an adverse report in reference to an amendment of the National bank act, which was laid on the table.

Mr. Dodge, from the Committee on Foreign Affairs, reported back the bill for the relief of Mr. Spaulding, Rear Admiral United States Navy, which was referred to the Committee of the Whole.

The House at four o'clock adjourned.

Precautions Against Cholera—Indian Treaties Proclaimed.

Washington, May 29.—The President has approved the bill authorizing the Secretary of the Treasury to make regulations against the introduction of cholera.

The treaties with the Indians at the Council Grounds, on the Arkansas river, is just proclaimed. They contain pledges from each tribe to maintain peace. All disputes are to be settled by arbitration.

American Citizens and European Conscription—Ship Canal Bill—Appointments Confirmed.

New York, May 29.—The Department of State learns from the United States Minister at Paris, that if naturalized citizens of the United States, liable to conscription in France, but for their naturalization, will report at the Mairie of the district in which their names are enrolled, produce their evidences of naturalization as citizens of the United States, and ask to have their names erased from the conscription list, they will probably be delivered from all difficulties or apprehensions in this regard.

The bill now before Congress, authorizing the construction of a ship canal from Pass Alontre, at the mouth of the Mississippi, provides for the incorporation of a dredging company, who are to keep this pass open, not less than twenty feet deep and a hundred feet wide at high water, and are authorized to charge all vessels drawing over fourteen feet, from eighteen to twenty-five cents per ton for passage through to the river.

The Senate in executive session to-day, confirmed a number of Internal Revenue officers for the Southern States, and Theodore J. Harris, of East Bridgewater, Collector for the second district of Massachusetts, Cassius Fairchild, Marshal for the District of Wisconsin, John Cummin, of Idaho, Associate Justice of the Supreme Court of that Territory; also the following Consuls: R. From New Orleans.

New Orleans, May 28.—Cotton feeble; sales of 1,736 bales, at 36@37c. Bank sterling 50@51 to 53c.

In the Supreme Court, to-day, Durant and Hunt, always Union men, argued the validity of Confederate notes as the issue of belligerents. Judge Campbell, Confederate Assistant Secretary of War, and Moser, Confederate Judge, argued against them. The Supreme Court decided against Moses Fox, claimant of $300,000, the autographic mill of John McDonough. The cities of Baltimore and New Orleans were defendants. Judge Ayams dissented. The majority say the proof of the handwriting is undecisive, the testimony of Nathan Case increditable, and other circumstances suspicious. The plaintiffs counsel, Pierre Soule, is disappointed.

Another crevasse, one hundred feet wide, has broken through below the city, on the right bank. The Opeloussas Railroad is threatened. The negroes would not work yesterday. Red River county, Onachita and Ohchitafayala are vast oceans.

The steamer Bolivian, from Liverpool, has arrived.

Louisiana country papers give sad accounts of the flood and distress. Provisions are constantly forwarded. The corn meal and cotton of twelve Parishes is devastated. Work is to close.

The Prayer Meeting

And Conference in connection with the General Assembly of the United Presbyterian Church will be held in the Second United Presbyterian church, Sixth street (Dr. Prestley's), on Wednesday (this A. M.), at 9 o'clock, and on Thursday A. M., at 9 o'clock, in Dr. Pressly's church, Allegheny City.

Cheap Groceries.

We direct the attention of our readers to the very inducing list of prices published in another column, by the well known grocer, Jesse H. Lippincott, No. 25 Smithfield street, corner of Second. This is one of our first-class grocery and tea houses, and, as the proprietor possesses unusual advantages for the purchasing of goods, he is enabled to sell at what appears to be ruinously low prices. He has in store a large and well selected stock of groceries, which he is prepared to dispose of at rates per advertisement. The purchasing community will find Mr. Lippincott a fair dealing, honorable gentleman, and in every respect worthy of their patronage.

Investigating Committee.

The Committee appointed by the Pennsylvania Legislature to enquire into certain charges of bribery against the Allegheny county members, re-assembled yesterday at 10 o'clock in the Monongahela House. It will be remembered that the members were charged with having received sums of money to secure legislation in the liquor law. A few weeks ago a partial examination was held in Harrisburg, but nothing important was adduced. McVay of the liquor dealers' Association subpœnaed to appear before the Committee at its present session. Yesterday four witnesses were examined, but nothing of importance was elicited.

Real Estate Savings Bank.

We publish in another column a statement of the Real Estate Savings Institution of this city, office No. 63 Fourth street. There are few more reliable and trustworthy banking institutions in this city, and a mere glance at the figures will satisfy the reader of the fact. Upon small or large deposits interest will be allowed and payable semi-annually. Such institutions are calculated to encourage industry and economy, and their existence in a community like ours proves an incalculable benefit. We fully recommend them to the confidence of the business community.

Erratum.

In our report of the Select Council proceeding's yesterday, we inadvertently credited Mr. Coursin with offering a resolution providing for an appropriation of $12,000 to the Good Intent Fire Company. Mr. J. Y. McLaughlin, who is always upon the alert for the benefit of his constituents, was the gentleman to succeed in bringing the matter before Councils. We make the correction simply because Mr. McLaughlin has labored faithfully to benefit the Good Intent boys, and we awarded through mistake the credit to another.

Meeting of the Sanitary Committee.

The Sanitary Committee met last night according to announcement, but were unable to transact business, there being no quorum present. We would respectfully urge the members of the Committee not to allow any trivial pretext to keep them absent, as their services at the present time is indispensable to the welfare and health of our city.

Charged with Arson.

Justice Joseph Mellon, of Lawrenceville township, yesterday committed John Ousterhuitz to the county jail to await trial on oath of R. C. McCorker, on a charge of arson. McCorker alleges that the defendant did wilfully and maliciously set fire to, and caused to be burned down, a haystack, the property of McCorker.

THE TICKET.

We put at the head of our columns this morning the Republican County Ticket nominated yesterday. We cordially commend every name in it to the hearty support of every republican in Allegheny county.

THE VOICE OF ALLEGHENY.

Yesterday, the Republicans of Allegheny County met in council, to nominate candidates and to express their opinions on public men and measures.

The chief difficulty in making a ticket consisted in the extraordinary number of good men brought forward for promotion. The ticket is an excellent one, and will command the hearty support of the republican party. Hereafter, we shall speak separately of the individuals composing it.

The resolutions are exactly such as were to be expected—direct, straight-forward, and out-spoken. The republicans of Allegheny stood by the country through all the dangers of the war. They stand now by the representatives of the country in Congress. Neither Executive threats nor blandishments produce the slightest impression on them. They are for settling the present troubles so that they will stay settled, and on the basis of Truth, Justice and Liberty.

THE HON. THOMAS WILLIAMS.

The Republicans of that portion of Allegheny county which is embraced in the twenty-third district, met in Convention yesterday, and unanimously re-nominated this gentleman for Congress.

The resolutions adopted by the Convention are of the right stamp, fully in accordance with Republican traditions and indicating the path of wisdom and safety.

Butler and Armstrong have yet to speak in relation to this nomination. In one of them, it is understood, there is no opposition to Mr. Williams. In the other, we trust what opposition there is will be withdrawn. In the present crisis of national affairs it is most desirable he should be retained. His experience and his commanding abilities cannot well be spared from the House of Representatives at this time.

IMMIGRATION.

A stronger tide of population sets, this year, upon our shores, from Europe, than ever before. All ports, from which lines of steamers or sailing vessels regularly depart for the United States, are crowded with multitudes eager to turn their backs on the land of their nativity—on the graves of their progenitors—and try their fortunes in this republic. It deserves note, moreover, that these adventurers are more largely drawn from the middle classes than the emigrants of former years. Two causes conspire in producing this result.

Against the rationalizations of monarchists and the speculation of many political philosophers, the republic has not only survived the most formidable peril in which any modern nation has been wholved, but has emerged therefrom with increased strength and prestige. Government by the people has been demonstrated not to be a failure, but to combine all the elements of defence and offence in larger proportion than any other form of political organization that has been tried. Nor is this all. The very burdens imposed by the prosecution of the war are serving to advance the nation to a higher plane of prosperity than it previously enjoyed. The pressing necessity for revenues has compelled the adoption of a system of excise and impost duties, under which domestic industry cannot fail to thrive. The producing classes of Europe are coming to understand that if they would fabricate for America they must come hither, with their stocks of peculiar knowledge, the appliances of their respective crafts, and their accumulations of capital. These are the classes from which nations derive their chief power and importance.

The other cause that co-operates with this to stimulate emigration from Europe, is the portentous condition of political affairs on that continent. The indications are for a great storm, in which nation shall be dashed against nation, and some be broken. If the threatening contest was to be for the essential rights of peoples, many who now seek to get away, would gladly remain. But it promises to be a struggle mainly for dynastic aggrandisement. Other pretexts are put forward. Cabinets, whether in the Old World or the New, seldom avow the real reasons by which they are actuated. They make up their commitments so as best to appeal to popular credulity, or bigotry, or prejudice. Hence, much of the present talk of National Unity, of Natural Boundaries, of the Treaties of 1815. These are simply blinds or lures with which it is hoped to deceive the multitudes, so that ulterior ends may be gained. France wants to annex some more Provinces on the Rhine. Italy longs to absorb Venetia and the Papal Dominions. Prussia desires to retain Schleswig and Holstein, and to become the centre around which a new German Empire, compact and coherent, shall be organized, to overmatch the French domination. Russia puts in a claim as the historic heir of the Greek Empire, and is eager to advance her frontier to the Bosphorus, that she may become a great maritime power. Hence, Europe is a vast seething cauldron, in which mingle all the elements of a gigantic war. From such a struggle thousands and tens of thousands are glad to get away. To escape the calamities and wastes of war at home, they flock to repair the wastes of war in this land.

The Harrisburg *Telegraph* has been enlarged by the addition of a column to each page, and by making the pages three or four inches longer than before. It presents a very neat appearance, and is edited with vigor and ability.

The President will recall the nomination of General S. F. Carey to the Collectorship of the Cincinnati district.

GENERAL NEWS.

—The Catholics have just commenced a large cathedral at Lawrence, Mass.

—Last Tuesday ice formed on the surface of water in Connecutville to the thickness of a quarter of an inch.

—John H. Woster hanged himself in South Bend, Indiana, because his betrothed refused to marry him upon the appointed day.

—The rebel General J. B. Hood is earning a livelihood at New Orleans, at the head of a stock company for sweeping the streets.

—Semmes is said to be preparing an account for publication of his cruise in the Alabama. It will be a new edition of "The Pirate's Own Book."

—Sweeney says Stephens is an English spy; Romero calls Santa Anna a French spy, and Santa Anna denounces Romero as an Austrian spy.

—Erastus Pratt, Superintendent of the Adams Express line from Montgomery to Mobile, was murdered in his bed, at Montgomery, Ala., on the 15th inst.

—A Postoffice has been established at Mooredock's Cross Roads, Greene township, Greene county, called "Fordyce;" David A. Lemley, Postmaster.

—A love of a bonnet—two rye straws tied together with a blue ribbon on the top of the head, and red tassels suspended at each of the four ends of the straws.

—A matron in the neighborhood of Corry has called her infant son Petroleum. She assigns as her excuse for this, that whenever she spanks him she "strikes ile."

—The following advertisement appears in the Barnstable (Mass.) *Patriot*:

Notice.—The subscriber hereby forbids any person marrying Rosalinda Pratt, she having promised to marry me.

STEPHEN PHILLIPS.

—Calvin Fletcher, one of the oldest and wealthiest citizens of Indiana, died at his residence Monday afternoon, of paralytic pneumonia. He was sixty-nine years of age, and leaves an estate variously estimated at from $1,500,000 to $2,000,000.

—United States Treasurer Spinner has stated that the Government is liable for the face value of all notes of National banks, and therefore is not a joint trust of the National banks and the holders of their notes, but is a perfectly secured endorser of every circulating note issued by a National bank.

—London (Canada) papers say that letters from reliable Canadians in Chicago place beyond doubt the fact that the Chicago Fenians are on the eve of a raid upon the western border of the Province. The Government is rapidly withdrawing troops from the frontier, believing that Fenianism has exploded.

—The preliminary examination of Holcombe for killing Robert Mohler, the seducer of his sister, in Shippingsburg, Kentucky, on last Tuesday, was held in the Police Court Friday at Louisville. No new facts were elicited, and the prisoner was bound over in the sum of $2,500 to await his trial.

—The following is the conclusion of an epitaph on a tomb-stone in East Tennessee: "She lived a life of virtue, and died of the cholera morbus, caused by eating green fruit in the full hope of a blessed mortality, at the early age of twenty-four years, seven months and sixteen days. Reader, go thou and do likewise."

—At Grand Rapids, Mich., L. A. Burch, a wealthy married man, fitted up a house for Mary E. Phelps, a gay young widow, which they occupied together. Several virtuous neighbors, not liking this proceeding, surprised them one night last week, and dressed them in suits of tar and feathers. Mrs. Phelps has had half a dozen of the moral reformers arrested.

—A Paris letter writer says: "Between the Bosphorus and the Baltic a grand conscription is proceeding; there is not a landed proprietor, a simple shopkeeper, a stolid mechanic, a wind-beaten mariner, anywhere, who is not moved to terror or enthusiasm. Now, if ever, the great adjustment of differences in Europe is about to be instituted. The immediate parties to the outbreak are Italy and Prussia against Austria, but when these 'great opposites' clash together, there will be these minor quarrels to be satisfied."

—Reports have been received at Chattanooga of the murder, at Resaca, Ga., of a Union man named Willis, on his way home from church with his wife. Six men, armed with guns, suddenly appeared on the roadside and ordered him to halt. One villain levelled his gun, when Mrs. Willis caught the hand of the assassin, and the ball passed over Mr. Willis' head. The rest immediately fired, all the shots taking effect, killing Willis at once. After cursing and abusing his wife, the murderers fled.

—Last week the presidents of the trunk railroad companies held some important business meetings at New York. Among those present were Dean Richmond, of the New York Central, Thomas A. Scott, of the Pennsylvania Central, A. S. Diven, of the New York and Erie, and J. W. Garrett, of the Baltimore and Ohio. The freight rates were settled, and a resolution was adopted, after some opposition from the New York and Erie Company, abolishing all commissions on the sale of passenger tickets from and after the tenth day of June next. This will put a stop to all ticket offices in the city where commissions are paid, and will save a large sum of money in the roads. The amount paid out as commission money has been estimated as high as $800,000 a year in New York alone. It is designed to let the trunk lines manage the passenger business at the end, and the western lines to have control of the eastward bound passenger traffic at the West.

An Affecting Letter.

The New York Legislature, last session, passed a law prohibiting the free pass system on railroads in that State. By a provision of the law all passes were taken up on and after the first of May.

The editor of a Fort Wayne paper had his pass taken up on the New York Central Railroad the other day, and by special request of the conductor, "stopped over" at Utica. He addressed the following affecting letter to his spouse:

UTICA, N. Y., May 13, 1866.
BLUE UNION TAVERN.

"DEAR WIFE:—Sell my t'other clothes for what they will bring, and remit at once. Had my linen duster for supper, and my spare shirt will have to go for lodging. May be able to make a light breakfast on a German silver comb and a pair of shears that I chanced to have with me. Don't know when I shall get home. It will depend a good deal on the walking. Don't marry for a few months; there is a bare possibility of my getting back."

SIMON."

Outfit of a Nashville Belle.

The outfit making in New York for a Nashville belle who is soon to be married, consists of twenty-five dresses, and the bride's dress will be, in material and style, like the dress worn by Queen Victoria when she opened the last Parliament. It is composed of white satin, and is made in the new "Empress" shape" with plain and tight front, pointed back, gored skirt, and trail one yard in length, trimmed with a liberal supply of rich point lace. A dress for the bride's sister consists of green striped and spotted silk, made with new style of waste and puffed sleeves, trimmed with Cluny lace. The bridesmaids' dresses are of pink tarlatan, over skirt of same material, waists tastefully adorned with lace, with a profusion of silk ribbon running round the skirt. Then there are grenadines, barèges, and some lighter dresses, as well as choice under skirts and other "mysteries of the toilet."

The great sensation at the Capitol Sunday has been the appearance of Senator Saulsbury at the Church of the Ascension "clothed and in his right mind," as an escort for Mrs. Jeff. Davis. After church a noted rebel procured an open buggy, and took a Sunday evening drive with Mrs. Davis about the principal streets of the city. Mrs. Davis has received very marked attention, and many distinguished personages have made unseemly haste to pay their respects to her. Senators Johnson and Saulsbury were among the many other callers upon her Saturday.

CLYMER IN BAD ODOR.—Heister Clymer, the Democratic nominee for Governor, last week, visited Chapman Borough, this county, where no persons reside but Democrats. When he arrived at the hotel he was met by his friends, who conducted him to dinner and then went out and took care of his coat and baggage, which they did so well that when Mr. Clymer wanted them they could not be found. At length, however, after diligent search he found his overcoat, the shawl of his accompanying friend, and the horse blanket in the stable yard buried in the manure. It was a rather bad speculation in Clymer going there to get votes, and nearly losing his overcoat, which, when recovered, had a perfume about it which was certainly not Phalon's Night Blooming Cereus. He will be apt to find himself in rather worse odor on the second Tuesday of October, and will surely find that running for Governor on the Democratic ticket is a losing speculation. The denizens of that region have certainly the laugh on Clymer, and if he ever re-visits that locality they will be pretty sure to ask "How's your overcoat?"—*Easton Free Press.*

—It is stated that Edwin Forrest, the tragedian, proposes on his return from California, to carry out a long contemplated scheme by founding and endowing in Philadelphia a home for retired actors, on a large estate he has purchased near that city.

CITY AND NEIGHBORHOOD.

(ADDITIONAL ON FIRST PAGE.)

Republican Convention in the 23d District.

The delegates chosen by the Republican voters of that portion of the Twenty-third Congressional District lying within the limits of Allegheny county assembled yesterday morning in the City Hall, Allegheny city, for the purpose of choosing three conferees to meet a like number from Butler and Armstrong counties, whose duty it shall be to place in nomination a candidate for Congress in that District.

An organization was effected by calling Jas. M. Cooper, Esq., of Allegheny city, to the chair, and appointing R. B. Francis, Esq., of the Fourth ward, Allegheny, as Secretary. Geo. Morrison, of T. Darenum, John Dale, of Pine, William Jones, of Duquesne, and Richard Morrison, of Richland, were elected Vice Presidents.

On taking the chair, Mr. Cooper, in a few appropriate remarks, thanked the Convention for the honor conferred upon him, by electing him to preside over their actions.

The Secretary then read the following list of delegates who had handed in their credentials:

ALLEGHENY.

First Ward—John F. Jennings, John B. Ingham.

Second Ward—John Heath, S. H. Gever.

Third Ward, 1st precinct—James H. Campbell, John Holmes.

Third Ward, 2d precinct—Jacob Heckalorn, George Gist.

Fourth Ward—1st precinct—Jas. M. Cooper, R. B. Francis.

Fourth Ward, 2d precinct—D. M. Mullin, J. S. Slagle.

BOROUGHS.

Duquesne—John J. Williams, Michael Krebs.

Manchester—W. H. Phelps, James Miller.

Sharpsburg—C. Lewis, Jacob Covode.

Sewickley—T. H. Nevin, J. W. F. White.

Tarentum—George M. Morrison, J. Dickey.

TOWNSHIPS.

McClure—Jacob France and H. M. Boyle.

East Deer—E. P. Dale and A. Martin.

Hampton—Josiah Scott and Jas. A. Herron.

Harrison—T. H. Bracken and S. C. Aller.

West Deer—Allen Ainer and Sam Hazlett.

Indiana—R. Hazlett and M. W. Hice.

Ross—John McKnight and Thos. Kennedy.

Sewickley—R. P. Neven and W. F. Fundenburg.

Pine—E. Logan and T. Crawford.

Shaler—Wm. Sample and E. P. Thomas.

Franklin—Jacob Rosenthal, Jno. Douglass

Ohio—J. and H. Orbeny and H. Mack own.

McCandless—Wm. Dunlap and Wm. Ramage.

Richland—W. S. Austin and Richd. Morrow.

Reserve—Lawrence Netzig and Wm. Heath.

On motion of T. H. Nevin, a Committee of three was appointed to prepare resolutions expressive of the sense of the Convention. Messrs. Stephen H. Geyer, T. H. Nevin and D. N. White were appointed to serve on the Committee.

On motion of D. N. White the Hon. Thomas Williams was nominated, by acclamation, as the candidate for Congress of the District, in the Congress of the United States.

The Chair then announced that nominations for Conferees were now in order.

The following were the names of those placed in nomination: S. H. Geyer, T. H. Nevin, Dr. Dale, James M. Cooper and John J. Williams.

On motion, the delegates were requested to mark for three out of those nominated for Conferees. After all had marked the following gentlemen were declared elected: Messrs. T. H. Nevin, S. H. Geyer and T. F. Dale.

The Committee on Resolutions then reported the following, which were unanimously adopted, after which the Convention adjourned:

Resolved, That the Republican party of the 23d District, consistently with the faith to which it has adhered hitherto, maintains an unabated loyalty to the Union and Constitution.

Resolved, That approving of common civil equality among men, it is the conviction of this Convention that all citizens are entitled to the rights guaranteed to the citizens by the laws.

Resolved, That the States lately in rebellion should be entitled to a restoration of their forfeited privileges, including that of representation in the National Councils, when Congress—the only legitimate authority to decide in the case, shall have determined upon such conditions as will insure the future unity, stability and tranquility of the Republic.

Resolved, That the interests of the people demand such a rate of duties on imported manufactures, as will afford protection and lend stimulus to capital and labor at home, in the development of the unequaled resources of the country as applicable to the various agricultural, mechanical, mining and manufacturing departments of domestic industry.

Resolved, That the Hon. Thomas Williams merits the unqualified approbation of his friends for his services in Congress, services which, while resulting in eminent distinction to himself, afford, moreover, occasion for that uncommon satisfaction among his constituents, which results from functional services duties honorably, ably and diligently discharged. And that the conferees as elected by this Convention, are instructed to urge his claims as the man by proof of trial, best adapted to meet the existing national emergency for renomination to Congress.

Resolved, That we cordially endorse the nomination of Gen. John W. Geary for Governor, and pledge our best efforts towards securing his election to that office.

Resolved, That the Republicans of the western district of Pennsylvania will assert their time-honored right to the Senator to be selected during the approaching session of the Legislature, and that our State Senators and Representatives be instructed to insist upon the choice of a western man for that position.

The Convention throughout was one of the most harmonious political gatherings that ever assembled in this county, and the dispatch with which the business was transacted gave ample evidence that there is but one feeling and one sentiment pervading the ranks of the Union party.

Rivalry of Speed.

Quite a jealousy seems to exist among the owners of fast stock in certain neighboring counties, towards Pittsburgh, and great efforts are being made to win some of Pittsburgh's laurels. The Kittanning people were down here in force a few weeks ago, "went their pile" and lost it. Washington county has recently tried its luck with no better success. Yesterday, "Honest John," from Greene county, went against "Jennie," of Pittsburgh, over the Oakland Course, and was beaten in three straight heats—time, 1.38, 1.35, 1.36. But Greene county is not satisfied, and for Thursday, at 4 o'clock, over the same course they have matched "Virginia Belle" against "Jennie," best three in five mile heats, purse $100. An exciting time is anticipated.

To-day the new course, opened in connection with the Exchange Hotel, East Liberty, will be inaugurated, by two trotting matches, each for $50, mile heats, best three in five, to harness. This is a half mile course, pleasantly located, and is likely to be a favorite with the "fancy" generally.

James T. Brady & Co.—We are pleased to learn that Messrs. James T. Brady & Co., Bankers and Brokers, sustained but trifling damage from the recent destructive fire on Wood street. In order to thoroughly repair and renovate their office, which was deluged with water, they have temporarily removed to No. 67 Fourth street. When they return to their old established banking house, which will be in the course of a few days, we shall announce the fact to the business public.

Another Wife Beater.—Adam Weber was yesterday before Justice Lippard, charged on oath of Elizabeth his wife with surety of the peace. From the deposition of the wife, it appears that Adam is in the habit of beating her, while under the influence of strong potations, although she freely admitted that he did not get the best of it on all occasions. The defendant was released on giving security to keep the peace.

Larceny.—Mary Williams was yesterday before Alderman Taylor on oath of Catherine Schrimp with the larceny of a ring, the property of the prosecutrix. After a hearing the accused was held to bail in the sum of $300 for a hearing.

Accident.—An employee in the foundry of Pennock & Totten, in the Fifth ward, had his arm broken yesterday in two places by the breaking of a shaft crank. He was carried to a house near by, where Dr. Myers dressed his injuries.

Run Over.—Yesterday a man named John Mahoning, while leaping from a wagon, at the corner of Run street and Canal, fell beneath the wheels, which passed over him. His injuries are not of a serious nature.

Free Fight.—A regular free fight took place yesterday morning on Ohio street, Allegheny near Nast Lane. The parties were all Germans. A few bloody noses and darkened optics were the only results.

Court of Common Pleas.—The case of William B. Ross vs. The Peters Creek Oil Company was still on trial yesterday afternoon. Previous to the adjournment, Judge Mellon delivered his charge to the jury.

Festival.—The festival now being held in the Grant House in aid of the First Baptist Church, of this city, is meeting with a hearty support from our citizens, of which it is eminently deserving.

New Books.—Chandos; a novel. By "Ouida." Philadelphia: J. B. Lippincott & Co.
For sale by Davis, Clarke & Co.

Sunday Selling.—John Lagg paid a fine of $50 and costs to Mayor McCarthy, yesterday, for selling liquor on Sunday.

OUR EARLY TELEGRAMS.

FROM WASHINGTON.

The Senatorial Caucus—Republican Members United—Proposed Amendment to the National Banking Law.

NEW YORK, May 29—The *Herald's* special from Washington says of the Senatorial Caucus yesterday:—No definite conclusion was reached. The whole matter was referred to the Senatorial portion of the Reconstruction Committee, consisting of Senators Fessenden, Grimes, Howard Harris and Williams. Senator Johnson was also on the Committee, but being a Democrat could not participate in the caucus. Nearly all the Republican Senators agree that the third section of the proposed Constitutional Amendment will be stricken out in the caucus and the disfranchisement of a specific class of rebels substituted in its place. It is also found upon discussion that a larger number of the members favor restricting this class as much as possible than was generally supposed two weeks ago. The general opinion is that the restriction will extend to those who have held certain civil and military offices under the Federal Government, although it is by no means improbable that it may turn upon those who have taken and violated certain oaths to the Federal Government. It is also thought probable that the caucus will amend the second section of the proposed Constitutional Amendment basing the representation of States upon voters instead of upon numbers, as proposed by the Reconstruction Committee.

The *Tribune's* special says: Little is positively known of the details of their deliberations, but two important facts have transpired to the effect that whatever is determined upon will receive the united support of all the Republican members, and that the general outlines of what is believed will prove an acceptable substitute for the submitted report of the Reconstruction Committee has been determined upon.

The Senate Finance Committee are reported to be unable to agree upon recommending either Sherman's or Fessenden's bank bill, and to have referred the matter to a sub-committee, which is now considering the propriety of bringing in a bill embodying substantially the idea of Comptroller Clarke. The matter has progressed to the extent of framing an amendment to our present National Banking law, which provides among other things, that an additional issue of one hundred millions of National bank currency shall be authorized; that not more than ten millions of this one hundred millions shall be issued within six months from the passage of this law. That hereafter no more than four millions shall be issued during any one month, and that all the National banks in the United States shall be compelled to redeem their notes at some authorized agency in New York, Philadelphia or Boston, under the penalty of having a receiver appointed to wind up their affairs. It finally agreed upon, this amendment will be introduced within a few days, and some definite action taken in the matter. There are indications of an early adjournment of Congress.

From Europe—Arrival of the Steamship St. David—Rumors of Suspensions at Liverpool.

FARTHER POINT, May 29.—The steamer St. David, from Liverpool on the 17th, and Londonderry on the 18th, has arrived off this Point. Her dates are one day later.

Cotton, after some fluctuation, closed at last week's quotations. The sales of the week were 60,000 bales, and on Friday 6,000, the market closing dull and unchanged. Breadstuffs were very dull and unchanged. Provisions dull. Consols 87½@87⅝; U. S. 5-20's 66@66⅛. Erie Shares 48@46; Illinois Central Shares 77@77.

The bullion in the Bank of England has decreased £262,000. The reserve of notes was £4,250,000. The Bank has not resorted to the extraordinary powers granted by the Government. Confidence is becoming restored, but there are continued rumors of heavy suspensions at Liverpool. Continental affairs are unchanged.

The Fenians—Raid on Canada Expected—Large Shipments of Arms.

CINCINNATI, May 29.—This morning's *Commercial* contains the following:

There is a movement of the Fenians. Quite a number left this city yesterday, bound for Canada. Large shipments of arms have been made northward within a few days. There is an apprehension that an effort will be made to be made upon Canada. The movement of men and transportations of arms have been in progress for some days with a degree of secrecy that indicates business.

CLEVELAND, May 29.—Three or four hundred Fenians, partially armed, and with colors, officered by men with side arms, passed here last night and Tuesday going East. They were orderly and quiet, and claimed they were going to California to work on a railroad.

WE WOULD MOST RESPECTfully announce that in consideration of the following considerations satisfactory to us, we have finally concluded that a postponement would be equally advantageous to the public and ourselves, namely, that we prefer to

Dispose of all the Tickets and give the Public all the Prizes,

than to hold a qua tity of tickets (as proprietors usually do) and thereby enhance our chances of drawing the large prizes.

The drawn numbers will be published in the Chicago daily papers as soon as drawn, and when the drawing is over each agent will be furnished with a complete list of the drawn numbers.

In view of the above reasons, which we hope will prove eminently satisfactory.

All descriptions of Government Bonds bought and sold on liberal terms.

London and Continental Exchange sold at New York rates.

Gold, Silver and Coupons bought at highest rates, and Gold Drafts issued on New York.

FINANCE AND TRADE.

TUESDAY, MAY 29, 1866.

Gold opened at 137½ in New York to-day, and rose to 138¾, caused, no doubt, by the heavy export demand. Mr. P. R. Mertz's New York quotations to-day were as follows: 1881's, 109; 5-20's, 102¼@102¾; 10-40's, 96; 7-30's, 103⅛@103¾. Bennchoff oil, 12¾; Pithole Creek, 2¾; United States, 5's; Gregory, gold, 124.

Our local money market is working easier for those whose credit is long standing; otherwise, lenders are careful. Bank stocks are inquired for but at lower rates. For Insurance stocks, there seems to be no demand whatever, and it seems impossible, almost, to forces sales. Oil shares very dull, and with the exception of Columbia, are seldom mentioned.

Since Government bonds have advanced and London Exchange is easier, for 60 day bills, there seems to be no other ground for the advance in gold to-day than a combination of speculators, who bought pretty largely last week at from 137 to 139, hoping to run it up sufficiently to enable them to sell out at a profit. The demand for gold is comparatively light, and there is a greater disposition manifested on the part of those who held it during and showed distrust in our government securities, to sell.

There are large sums of money, ready now to invest in 7-30 bonds, but the present rates are evidently not tempting enough to make capitalists invest in them, yet the ease in the money market, at the money centres, may stimulate the price still more.

Railroad stocks are entirely too much inflated for anybody but members of the New York cliques to venture in. The "corner" in Cleveland & Pittsburgh seems to have been broken. Considerable money was realized by Pittsburghers who held this stock. Fort Wayne is also higher, but the stock is too large a "bulk" to be engineered with such ease as the Cleveland and Pittsburgh.

The advance in mining and oil stocks in New York was lost again to-day. Movements either way in these stocks are of short duration. It takes but a small capital now to buy up large quantities of this class of stocks, and those who are able to hold, and conduct their operations on the same principle they would any other business, will, no doubt, eventually realize their most sanguine expectations.

—It will be remembered that there was an evening exchange at the Fifth Avenue Hotel in New York about a year ago, which was forced to suspend operations for the want of public opinion. It now seems to be reviving, although the transactions are made *sub rosa*, as the following from the *World*, of Friday, intimates:

Our reporter last evening noticed a large crowd around the message board of the United States Teleg aph Company, and approaching to see what thereto attracted them, he found a number of brokers busily at work "sold" and "held," rates "up to 7¼ p. m." Cute looking, sharp visaged masculines roamed around, and conscious of the chafing of the irregular chafings of their ungoedlings, they conversed in tones which, like the curses of the fiends, were "not loud, but deep," while at intervals long little books were whipped out of tail coat pockets, and rapid pencils transcribed: "10 Ohio Central at 27¾;" "8 Erie, 65¾;" "6 New York Central, 57½;" or $10,000 American gold, 39¾." The entry made, clap went the books, and the surreptitious speculators relapsed into innocence and idleness. All this was done more by signs than words, and proves that "if a fool's as good as a wink to a blind horse, so is a whispered inquiry and silent eye response as good to a night speculator, as the vociferous yellings and counter bids to a legitimate day broker."

Without questioning either the legitimancy or reverse quality of these very quiet and out of time sales, it is but right that our readers call attention to the revival of the "Evening Exchange."

—The McElheny Oil Company has declared a divident of two per cent on its capital stock of two hundred thousand dollrrs, and the Amber Oil Company (office in New York) has declared a dividend of five per cent.

—It seems (says the Philadelphia *Ledger*) as if the remark in Dickens were a judgment upon the ruling classes of that country who have such unfriendly feelings towards the United States. For the past five years the London journals, with but few exceptions, have been predicting a financial collapse in this country, and laying the scene at New York. Day after day they have thought they detected the first symptoms, and so told their readers, and at length the panic came—but not at New York, whose their hopes would have placed it, but on their own doors. In London, sweeping like wildfire through the great metropolis and dethroning the money kings on all sides. It seems that this and the fact that in the face of the great disaster the American securities exhibited such wonderful steadiness, were intended as a lesson to those who have so long traded on the United States.

—The Merchants' National Bank of Chicago has instituted suit against B. Hutchings Badger, Alpheus C. Badger, and Octavius F. Badger, to recover damages laid at $25,000, in a plea of trespass on the case. This matter, with which the financial public are acquainted, it seems is to be settled by the Courts. If B. Badger has also been indicted for obtaining money under false pretenses.

—The New York *Tribune*, of May 28th, says:

"The proposition of the Treasury Department to establish "a Sorting Bureau" for National bank notes attracts considerable attention, and its effect upon the money market is discussed. If it is intended to make a general demand upon banks which in the opinion of the Secretary have too much circulation, but one result can follow, and that a contraction of circulation, with wide-spread humiliation and a good deal of commercial distress. The plain legal tenders are so much preferred to National bank notes, that the moment anything like counter redemption—is insisted upon, many National Banks will be forced to wind up and sell their government stocks. As selling any large amount of Five Twenties is the last thing the Secretary desires to bring about while his five per cent funding scheme is in progress, little regard need be entertained of any rigorous sorting of currency and redemption in greenbacks. There is a good deal of comment from bank and range upon the Department, but its whole action is in the direction of expansion, with small prospect of a change before the meeting of Congress."

New York Stock and Money Market.

NEW YORK, May 29.—The *Post's* money article says the Stock Exchange are the increasing ease in the money market, and the activity in all descriptions of government securities, for which there is an increasing demand from investors, savings banks and monied institutions. The loan market is easy, and both the disposition and the ability to lend are so much increased that easier rates prevail. The current rate is 6@7 per cent, but 6 accepted in certain cases.

The stock market is dull but steady. Governments are better, especially the 7-30s and the 6s of 1881. Railroad shares are without much change in prices, but the tran actions are heavy. Erie is less affected by the speculation rumors of the bears, relative to its financial condition, and the price has fluctuated from 60 to 62, before the first regular session. Michigan Central was quoted at 87; Erie, 60¼@60⅝. Michigan Southern at 79; Cleveland and Pittsburgh, at 99½.

After the Board New York Central was quoted at 96¾@97; Michigan Southern, 79⅝; Cleveland and Pittsburgh, 99½; North Western, 34½; North Western preferred, 58½; Fort Wayne, 98; Ohio and Mississippi Certificates, 29½; Cumberland, 35.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, May 29, 1866.

The produce markets were remarkably quiet to-day, the demand for the leading commodities being very much restricted, while prices appear to have undergone no quotable change. The weather continues very favorable for the growing crops, and already the recent genial showers appear to have stilled the speculative feeling in breadstuffs which was just beginning to show itself, and the general impression seems to be that both Flour and Wheat will soon react and decline.

GRAIN—There was not a single transaction in Wheat to-day that we could learn of. Club may be fairly quoted at $2,15@2,30, as to quality. Corn is firm with a fair demand at 80 to 85 on track. Sales of Oats at 55@56 in elevator, and 60 to 65 from store. Rye is still quoted at $1. No movement in Barley.

FLOUR—Is quiet and unchanged. Sales at $10,50 to $11,25 for Spring Wheat; $11,50@11,75 for half Spring and half Winter; and $12 to $13 for all Winter. Sale of 200 bbls. Spring at $11. Rye Flour is selling at $6,50@6,75.

PROVISIONS—Bacon is unchanged—14½c for Shoulders; 17 for Ribbed Sides; 21½ for Plain Sugar Cured Hams, and 23 for Canvassed do. Lard is selling at 20 to 21 for country, and 22½@23 for city do. But little inquiry for Mess Pork.

POTATOES—The demand continues rather light, and the market is quiet and a little dull but unchanged. Sales from store at $1,25 to $1,50 per bush, and $5,45 to $5,65 per bbl, as to quality.

BUTTER—The demand is rather better, but there is no improvement in prices, and we continue to quote at 20 to 25, for common to prime Roll.

EGGS—Steady and in good demand, and fresh packed sell readily at 22@23.

DRIED FRUIT—Sales of new crop York state Apples at 13@20c per pound. Peaches may be quoted at 20 to 25, for quarters and halves.

CHEESE—Is coming in pretty freely, and Western Reserve is selling at 16 to 18.

HAY—Sales at $25 to $30 per ton.

SORGHUM—Is dull; sales of prime at 55@60.

SEEDS—Flaxseed is in wanted at $2,55.

HOMINY—Small sales at 3¾@4.

OIL—Sales of No. 1 Lard at $1,85@1,85.

SALT—Is quoted at $2,40, on track.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, May 29, 1866.

There is no improvement to note in the demand for Crude, and the market continues dull and weak, though prices remain nominally unchanged at 14, bbls returned, and 19, bbls included. Sale of 173 bbls, on the spot, at 14; and 1070, to arrive, at 13¾. The demand for Refined continues to have subsided almost entirely, and as our refiners seem to be pretty well supplied, they, too, are buying very sparingly. It is true, the receipts have, and still are, very small, but the supply, notwithstanding it is very meagre, is somewhat in excess of demand, and those who are so unfortunate as to have an article on hand, find it very difficult to dispose of at market price.

REFINED—There has not been a single transaction in bonded oil to-day that we could hear of, and the market is dull and weak, though prices are nominally unchanged. Philadelphia deliveries may be quoted at 42c for June, 44 for July, 46@48 for August, and 50 for September, free on board cars, here; and 41 for October. Free oil, also, is very quiet and dull, and there are no established quotations.

NAPTHA AND RESIDUUM—There is some little inquiry for Residuum, and we occasionally hear of some small sales at 5 to 5¼c per gal. Naptha is utterly neglected, as we are not aware of a single sale having been effected for months.

ARRIVALS—Capt. Jas. Wilkins was again the lucky receipient of an arrival of oil to-day—225 barrels, and Mawhinney & Bro. received 125, making a total of 350 barrels for the twenty-four hours ending this afternoon.

ALLEGHENY CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, May 29, 1866.

CATTLE—The supply of cattle on sale this week was fully up, if not a little in excess of the usual average for some time past, but with a perceptible improvement in the demand, as compared with last week, the market was active, though prices ruled a shade lower. The buthers, generally speaking, bought more freely than last week, and several droves were taken for shipment, and while there was apparently as much better feeling manifested, we feel satisfied in saying that the profits realized by drovers were very slight. Good fat cattle sold at from 8¼ to 8¾, gross—some extra at 8¾—while common to medium grades may be fairly quoted at 6¾ to 7¾. There is a disposition manifested on certain quarters to find fault with drovers for the present high prices of cattle. This is simply absurd—the sheerest nonsence. No one deprecates extreme prices for cattle more than drovers, and, in many cases, none suffer more therefrom than they do. It is a well known fact that they are often compelled to sell cattle for less money here than they pay for them in Chicago and other points in the far west, thus losing cost of transportation, feed bills, time, etc, etc.

SHEEP AND LAMBS—There was again a very fair supply of sheep on sale this week, and with only a moderate demand—restricted almost entirely to supplying the wants of the local trade—the market ruled a little dull, as compared with last week; prices are a shade lower. We quote clipped sheep at 4 to 5 cents, and wooled sheep at 5¼@6. Lambs sold at from $2,50 to $4 per head.

HOGS—There is next to nothing doing in this class of stock at these yards, as our people seem to have dispensed fresh pork for the present and taken to eating mutton, which is regarded as being much more healthful at this season of the year. In a retail way, a small number changed hands at 9 to 10c, gross, for fair to good averages.

REPORTED SALES OF SHEEP.

Emerick & Co. to Peter Tesh 80 head clipped, averaging 97 lbs, at 5; Emerick & Co. retailed 30 head at 4 to 4¾; McCracken & Hines 58 head, averaging 84 lbs, at 4c. Messrs. Rynd, Darwin and Jones retailed, in all some, 200 head at 4 to 5c. Mitchell sold Verner & Co. 50 head of good wooled sheep at 5c, gross, but subsequently the seller gave the buyer a small sum for to be released from the bargain.

REPORTED SALES OF CATTLE.

Hazlewood, Reis & Dodds to Warnz & Co. 52 head of prime western steers, averaging 1210, at 8,50; Purnam sold Hazlewood, Reis & Co. 19 head of commonish cattle at 7,38—considered about 50 per cent more than they were worth. Emerick & Co. sold Warnz & Co. 35 head of very good Ohio cattle at 8¼. Emerick & Co. to Shamberg 12 head, averaging 1150, at 7¾. Smill & Fowler to Bellstein 5 head of extra cattle, averaging 1500, at 8¾. Crouse, Merrick & Co. to Marks & Trautman 49 head of extra Illinois steers at 8¾; Reis & Co. retailed 30 head at 7 to 8¾. N. Carr retailed 20 head for Tantom at 7¼@8¾. Hartman 19 head at 7@8. Jas. Martin 26 head at 7¼@8¾. Merrick & Dondo 52 head at 6¾@8¾; Greenwald & Aaaa 30 head at 7@8¾; Myers & Newby 27 head at 7@8¾. Rothschilds & Eckert 49 head at 7 to 8¾. Marks & Trautman 60 head at 7¼@8¾; Gross & Lafferty 25 head at 8¼@8¾. Crouse & Haas 28 head at 7¼@8¾.

New York Cattle Market.

NEW YORK, May 29.—The current prices for the week at all the markets, are as follows:

Cattle, 1st quality, per head, $18,00@18,50; Fair to Good, $16,00@18,00, Common, $15,00@16,00, and Inferior, $14,00@15,00.

Cows and Calves—Extra per head, $85@95. First Quality, $75@80; Ordinary, $65@75; Common, $50@60; Inferior, $20@40.

Veal—First Quality per pound, 11@12c; Ordinary, 10@11c; Common, 9@9c; Inferior, 7@8c.

Sheep and Lambs—Extra per head, $6@9; Prime Quality, $7@8; Ordinary, $5,50@6,50; Common, $4@5,50.

Swine—Extra heavy, corn-fed per pound, 10¾@10¾c; light and medium, 10@10¾c.

The market for Beef Cattle has been altogether firmer this morning, and prices ruled 50c@$1,50 per head higher. The advance was merely the result of short markets, the speculators having obtained the control of nearly all the supplies on route, thus obtaining complete control of the market. The bulk of the offerings sold at $15@17½, only a few selling at the inside price.

Veals were in good demand and higher.

Sheep and lambs were in moderate demand, and prices somewhat lower.

Hogs in moderate demand at our quotations.

The total receipts at all the stock yards for this week were as follows: Beeves, 6,019; Cows, 84; Veal Calves, 1,075; Sheep and Lambs, 13,080; Swine, 14,649.

Detroit Lake Fish Market.

DETROIT, May 26.—The prospects of the fishermen are growing better, but the trade seems to be improving in a still greater rate, especially for white, which seems to keep down the stocks. There are no large accumulations above, and only light stock here. As there is no prospect of a decline in either mackerel or pork, it is fair to presume that the demand for our lake fish will continue active at paying rates. At present prices they are cheaper than almost any other article of food, while a large class of consumers prefer them to anything else, and are thus afforded a luxury at a cost corresponding to that of one of the necessaries of life.

The last sales were 200 packages trout at $6,00 herring at $4,75; and 300 white at $8,25. The demand for white is better than for trout, but both are improving. The number of packages received for the week is about 1800.

RIVER NEWS.

The river rose a few inches again during Monday night and yesterday, but last evening it was apparently at a stand, with three feet in the channel, by the marks. Thus far, the swell is out of the Monongahela, as the Allegheny as yet has not been affected to any extent. It is thought that there has been a slight rise above, but we are of the opinion that unless there is more rain, it will not amount to much. The weather yesterday was cloudy and unsettled, with occasional showers of rain.

The Leni Leoti arrived and cleared for Parkersburg, as did also, the Fayette and Chieftan, from Brownsville. The Forest City is due here from Parkersburg this morning, and will leave again at noon.

The Argonaut and Glasgow are still receiving freight for St. Louis, and will leave on the first rise.

The Camelia, it is thought, will soon commence loading for Cincinnati.

The Citizen arrived at St. Louis, on Sunday last, and the Nightingale was advertised to leave there for Pittsburgh on Monday. The latter boat will doubtless reship her Pittsburgh freight at Cincinnati.

The Armenia and Kate Robinson were advertised to leave Cincinnati for Pittsburgh on Monday. The *Commercial*, of Monday, says:

"The Kate Robinson brought down about three inches in Blannerhassett. Met Emma No. 3 at Bull Creek, and Rose Moore at the foot of Blannerhassett. The Hudson reships her St. Louis freight at Cincinnati.

The Havana and Kate Robinson report passing the Anna aground on Rising Sun bar yesterday. She will lighten out, but will be seen in the shape of a stateroom, to a negro, on her late trip from Duvall's Bluff to this place. The damages are laid at four thousand dollars. Attorney for the prosecution, W. H. Morgan, Esq.
